PBCCR51BK	GRAZ 45W Dual USB-C Car Charger	
PBCCR51CBK	GRAZ 45W Dual USB-C Car Charger with 1m USB-C to USB-C Cable Included	
PBCCR51LBK	GRAZ 45W Dual USB-C Car Charger with 1m USB-C to Lightning Cable Included	

Specifications

Input Voltage	12-24V
---------------	--------

USB-C Output	5V/3A, 9V/3A, 12V/2.5A
USB-A Output	5V/3A, 9V/2A, 12V/1.5A
Total Output	45W Max
Product Weight	18.2g
Model Number	PBCCR51

Product Features

- a.** 45W Super Fast Charge: Offers powerful charging with A+C 45W output, ensuring fast charging for phones and tablets.
- b.** USB-C 27W & USB-A 18W Outputs: Provides versatile charging options for different devices with a USB-C output of 27W and USB-A output of 18W.
- c.** Built-in Charging Indicator Light: The indicator light makes it easy to locate the charging port, even in the dark.
- d.** Fire-Retardant PC Materials: Crafted from durable and safe fire-retardant PC materials for long-lasting use.
- e.** Smart Chip Technology: Automatically adjusts charging based on the device, ensuring optimal power and protecting your device's battery.
- f.** Automatic Power-Off Protection: Safeguards your mobile phone by automatically shutting off when charging is complete.
- g.** Adaptive Charging for Non-Fast Charging Devices: Efficiently allocates the necessary current for devices that don't support fast charging, providing reliable and faster charging.

Precautions

1. Do not use the car charger in high-temperature conditions, especially when the car temperature exceeds 45°C in summer. Remember to unplug the charger to prevent potential damage to the internal circuit board. Also, avoid excessive vibrations, impacts, or tossing the charger, as these may cause damage.
2. Always insert the car charger after the vehicle engine has started. Inserting the charger before the engine starts may result in voltage fluctuations that could harm the charger.
3. Avoid using strong cleaning agents or chemicals around the car charger, as they can cause serious corrosion and damage to the car's surfaces.
4. Always remember to unplug the car charger after the vehicle is turned off. While many vehicles stop the power supply once the key is removed, some cars may still provide continuous power.
5. Keep the car charger away from water and avoid storing it in a humid environment for long periods, as prolonged exposure can lead to oxidation and corrosion of internal components.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **<https://www.porodo.net/warranty>** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
