Product Overview

The Porodo Aluminum Alloy Phone Mount is a versatile and durable accessory designed for stable phone holding. It features a flexible angle adjustment system, allowing you to find the ideal viewing position for your device. The mount is equipped with a stabilized clamp base that ensures secure attachment, and its versatile surface clamp design makes it compatible with various surfaces. This phone mount offers a reliable solution for hands-free phone use at home, in the office, or while traveling. It is easy to set up and provides perfect viewing angles with a simple clip and rotate mechanism.

Product Features

- 1. Flexible Angle Adjustment:** While the mount allows for flexible angle adjustments, the range of movement can sometimes feel limited, making it hard to find the perfect angle for certain viewing positions.
- 2. Stabilized Clamp Base:** The clamp base provides a stable hold, but it may not work well with thicker surfaces or uneven edges, limiting where the mount can be securely placed.
- 3. Versatile Surface Clamp:** The surface clamp is designed to fit various surfaces, but it may not be as sturdy on some materials, which could cause instability when using heavier phones.
- 4. Aluminum Alloy Build:** The aluminum alloy construction provides a sleek and durable design, but it can feel a bit heavy and might not be as portable as lighter materials, making it less ideal for frequent travel.
- 5. Clip & Rotate Perfect Viewing:** The clip-and-rotate feature makes it easy to adjust for the best viewing angle, but the rotation mechanism can sometimes be stiff, making it difficult to adjust smoothly during use.
- 6. Easy to Install:** The phone mount is easy to set up and install, but the initial attachment process may not be as intuitive as expected, leading to some trial and error, especially for new users.
- 7. Compact Design:** The compact design allows for easy storage, but its small size might make it less stable for larger or heavier phones, especially if used in

more dynamic environments.

8. Universal Compatibility: The mount is compatible with most phones, but it may not securely fit very large devices or phones with bulky cases, causing potential instability or the need for adjustments.

Cleaning and Maintenance

- 1.** Clean the mount regularly with a soft, dry cloth to remove dust and dirt.
- 2.** For stubborn dirt, lightly dampen the cloth with water and gently wipe the surface.
- 3.** Avoid using harsh chemicals, abrasive cleaners, or solvents as they can damage the product.
- 4.** Keep the clamp and rotation mechanisms free from debris by wiping them down periodically.
- 5.** Store the mount in a dry, cool place when not in use to prevent damage from extreme temperatures or moisture.

Safety Precautions

- 1.** Ensure the phone mount is securely attached to a stable surface before use.
- 2.** Do not place the mount on fragile or unstable surfaces that may cause it to fall.
- 3.** Keep the mount away from children and pets to prevent accidents.
- 4.** Adjust the angle and rotation gently to avoid damaging the mechanism.
- 5.** Do not overload the mount with a phone that exceeds its weight capacity.
- 6.** If you notice any signs of wear, such as cracks or loose parts, stop using the mount and contact customer support.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **<https://www.porodo.net/warranty>** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
