Product Overview

The Porodo Powersip Sports Water Bottle is designed for both durability and convenience, making it the ideal companion for your active lifestyle. With a 670mL capacity, this bottle features a thermal insulation design that keeps your beverages at the perfect temperature for longer. The double-wall vacuum insulation ensures excellent heat retention while maintaining a comfortable exterior. It boasts a leak-proof seal, ensuring that you can carry it with confidence, whether in your gym bag or on your outdoor adventures. The flip straw lid offers easy access to your drink, while the convenient strap handle allows for effortless carrying. Made with high-quality SUS304 stainless steel, this bottle is built to last, offering both style and functionality in one sleek package.

Specifications

Material	304 Stainless Steel (Inner Body), 316 Stainless Steel (Inner Bottom), Silicone, PP
Capacity	670mL
Thermal Insulation	6h Max
Product Weight	325g
Product Size	8.2 x 9.2 x 24.4cm
Model Number	PDLFSTB25

Product Features

- a. Thermal Insulation:** The bottle features advanced thermal insulation technology that helps maintain the temperature of your drinks, keeping hot beverages warm and cold drinks chilled for extended periods. This ensures your drink stays at the ideal temperature throughout the day.
- b. Leak-Proof Seal:** Equipped with a leak-proof seal, the Powersip water bottle prevents any spills or leaks, making it safe to carry in bags or backpacks without worrying about moisture damaging other items. It provides a secure, mess-free experience.
- c. Flip Straw Lid:** The flip straw lid allows for easy, one-handed drinking, making it perfect for quick hydration during workouts or on the go. The design ensures that you can drink from the bottle without needing to remove the cap, offering both convenience and efficiency.
- d. Double-Wall Vacuum Insulation:** The double-wall vacuum insulation enhances the bottle's ability to maintain your beverage's temperature for longer periods. This insulation helps prevent condensation on the exterior of the bottle, keeping your hands and the surrounding area dry.
- e. Strap Handle:** A built-in strap handle allows for easy carrying and portability. Whether you're heading to the gym, going for a run, or traveling, the strap provides a convenient way to carry your water bottle, ensuring comfort and practicality.
- f. SUS304 Stainless Steel:** Made from high-quality SUS304 stainless steel, this water bottle is not only durable but also resistant to rust and corrosion. The sturdy construction ensures longevity, making it a reliable option for everyday use and outdoor activities.

Safety Instructions

- 1.** Do not place the bottle in direct sunlight for prolonged periods or expose it to extreme heat sources such as ovens or stoves. While the bottle maintains

temperature effectively, excessive heat can damage the materials and affect the insulation properties.

2. The bottle is not designed for carbonated beverages, as the pressure from the carbonation may cause the bottle to leak or the lid to become compromised. Stick to water, juice, or other non-carbonated liquids to ensure proper performance.

3. This water bottle contains small parts like the flip lid and the strap, which could pose a choking hazard if not handled properly. Keep it out of reach of young children to avoid any risk of accidents.

4. To maintain the leak-proof functionality, it's important to regularly inspect the bottle's seal and lid for any wear and tear. If the seal becomes damaged or worn, replace it immediately to prevent leaks.

5. While the bottle is made of durable stainless steel, it can still be damaged by heavy impacts. Avoid dropping the bottle or subjecting it to rough handling to maintain its structural integrity and functionality.

6. To preserve the quality of the bottle and its insulation properties, hand-wash it with mild detergent and warm water. Avoid using harsh chemicals or abrasive cleaning tools that could damage the surface or internal structure of the bottle.

7. This bottle is not microwave-safe. Microwaving may cause the material to warp or damage the insulation. Always ensure the bottle is free from any metallic objects before using a microwave for other items.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **<https://www.porodo.net/warranty>** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
