Capacity	1000mL
Charging Time	8-10 hours
Charging Interface	USB-C
Temperature Settings	40°C, 45°C, 50°C, 55°C
Heating Time	20 ,30 ,40 ,50 ,60 ,70 ,80 minutes
Product Weight	1.04kg
Product Size	80 x 143 x 243mm
Model Number	PDLFSTH3

Safety Precautions

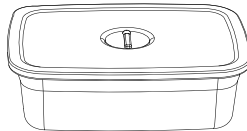

Please read the following safety instructions carefully before using the product to avoid damage and ensure safe operation:

1. This product meets the technical certification standards for electrical products and safety regulations.
2. Before use, ensure that the rated voltage on the product matches the voltage you are using.
3. Place the product on a stable surface, away from children.
4. Keep the product clean, both internally and externally. Regularly clean any dirt from the surfaces to maintain performance.
5. Do not immerse the product in water or allow liquids to flow into it during cleaning to avoid potential hazards.
6. If the product contains no ingredients, do not attempt to dry burn it, as this may reduce its lifespan.
7. Only qualified repair technicians should disassemble, repair, or modify the product. Unauthorized tampering may cause fire or electric leakage.
8. The product should never be immersed in water.

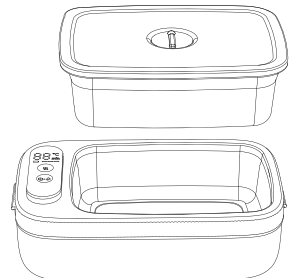

Instructions for Use

1. Pull out the pressure relief valve.

2. Close the pressure relief valve.

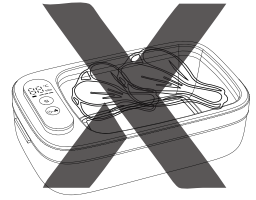

3. Place the container into the insulation.

To use the container, follow these steps:

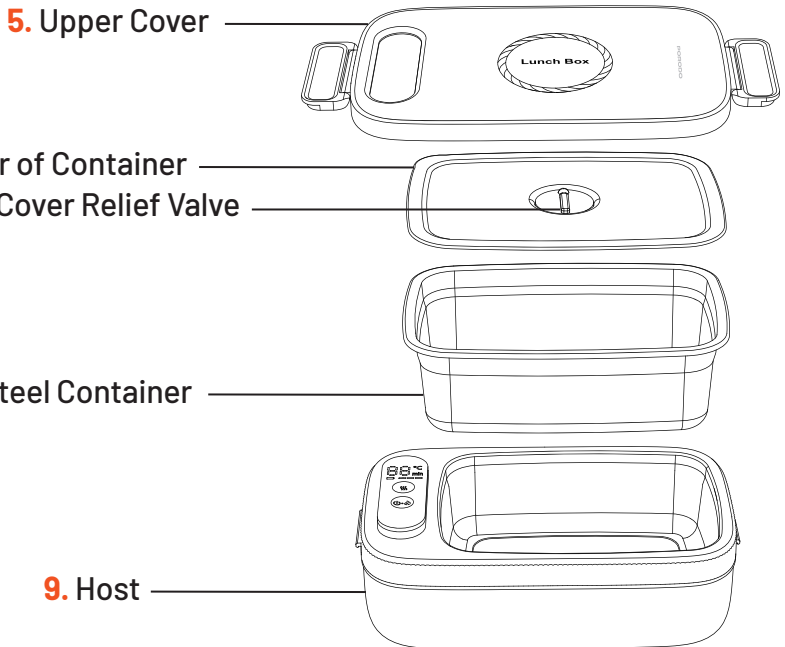

1. Open the pressure relief valve and lift the upper cover.
2. Put the food inside, then cover it with the upper cover.
3. Close the pressure relief valve to ensure proper sealing.

Note: Do not fill the main machine with water or food.

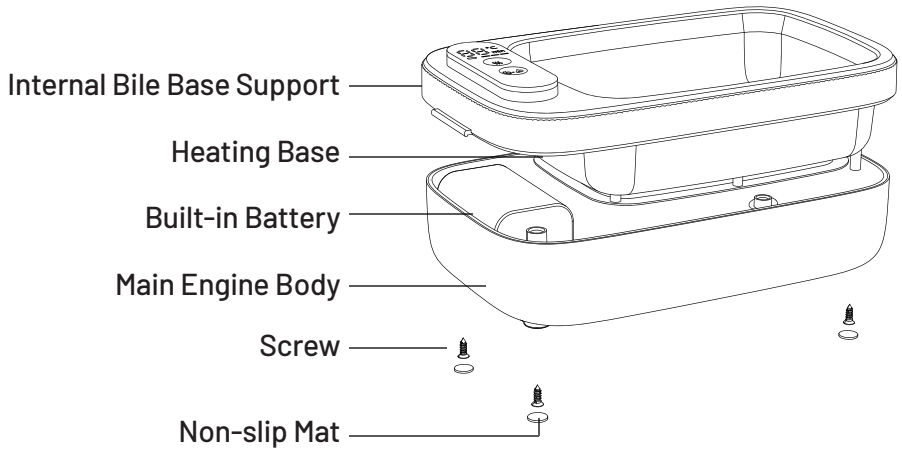

Included Accessories

1. Rechargeable Heated Lunch Box
2. Stainless Steel Container (1 set)
3. Charging Cable
4. Buckle Handle

Internal Battery Precautions

How to remove the built-in battery:

1. Tear off the bottom antiskid pad.
2. Loosen the four screws.
3. Remove the host liner.
4. Unplug the battery terminal.
5. Take out the built-in battery.

Built-in Battery Precautions:

- a. Before discarding the appliance, the battery must be removed.
- b. When removing the battery, the appliance must be powered off.
- c. Batteries should be disposed of safely.

Battery Life:

Please charge the lunch box before use and ensure it is charged after each use. If the lunch box is not used frequently, fully charge it before storing to prevent the battery from losing power. Charging should be done within one month when the battery is in a low power state and within three months when the battery is fully charged.

Operation Instructions

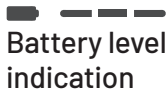

(Power/Heat) button

- a. Long press for 2 seconds to power on/off.
- b. Heating Prompt: 20°C for 20 minutes.
- c. Tap to switch heating levels:
20min/30min/40min/50min/60min/70min/80min.
- d. Power off when not in use.

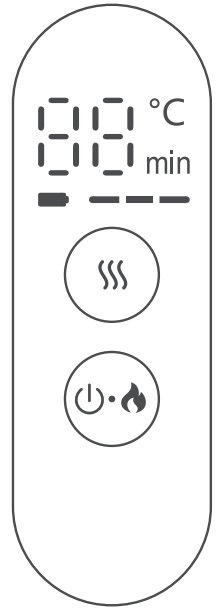

Keep - warm button

- a. Long press to start at the default temperature of 40°C for 2 seconds.
- b. Keep-warm Prompt: 40°C for 90 minutes.
- c. Tap to switch keep-warm temperature.

- e. Marquee for pasteurize function (30 minutes).

Battery level
indication

- a. During charging, the battery level lights flash in sequence.
- b. When fully charged, all three battery level lights will stay on.

Cleaning and Maintenance

1. Stainless Steel Container:

After each use, remove any food residues, add a small amount of water and detergent to the container, and use a soft cloth or sponge to wipe. Rinse with clean water two to three times.

2. Product Host:

Do not immerse the entire product in water for cleaning, and do not directly wash the external surface with water. Clean the external surface with a damp towel and an appropriate amount of detergent. Remove the charging line set before cleaning.

3. Warm Tips:

After use, unplug the charging line and allow the product to cool before cleaning. Do not immerse the product completely in water. For cleaning, use neutral detergent, not corrosive ones such as banana water, gasoline, or hard brushes. When the product is not used for an extended period, clean it and store it in a ventilated, dry place to prevent moisture from affecting its performance.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **<https://www.porodo.net/warranty>** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
