Product Overview

The Porodo PortaPower 50000mAh Power Bank is a powerful and portable charging solution designed to keep your devices powered throughout the day. With its fast-charging capability, it ensures your gadgets are ready to go in no time. Featuring multiple output ports, it allows you to charge several devices simultaneously. The power bank also comes equipped with a built-in LED flashlight and a convenient portable handle, making it ideal for on-the-go use. Additionally, it includes smart protection features to ensure the safety of your devices during charging. Whether you're on an adventure or simply need reliable power, the PortaPower power bank has you covered.

Specifications

Battery Capacity	50000mAh
Type-C Input	5V/3A, 9V/2A, 18W Max
Type-C Output	5V/3A, 9V/2.2A, 12V/1.5A, 20W Max
USB-A Output	5V/3A, 9V/2A, 10V/2.25A, 12V/1.5A, 22.5W Max
Product Size	66 × 68 × 147mm
Model Number	PDPBXRT50

Product Features

1. Fast Charging: The Porodo PortaPower Power Bank is designed with advanced technology to deliver fast charging, ensuring your devices are powered up quickly, so you never have to wait long to get back on the go. This feature is perfect for when you're in a rush and need to recharge your smartphone, tablet, or other gadgets without delay.

- 2. Multiple Output Ports:** Equipped with several output ports, this power bank allows you to charge multiple devices at once. Whether you're charging a phone, tablet, or other accessories, you can power up all your devices simultaneously, saving you time and hassle when you're on the move.
- 3. Built-in LED Flashlight:** The integrated LED flashlight adds extra convenience, making the PortaPower power bank not only a charging tool but also a useful light source in dark environments. Whether you're camping, traveling, or dealing with a power outage, this built-in flashlight ensures you always have light when needed.
- 4. Portable Handle:** The compact, lightweight design comes with a built-in handle, allowing for easy portability. Whether you're traveling, commuting, or just out and about, this power bank is designed to be easy to carry, making it a convenient accessory for your daily activities or adventures.
- 5. Smart Protection Features:** The PortaPower power bank incorporates smart protection technology that prevents overheating, overcharging, and short-circuiting, ensuring your devices are safely charged. This feature adds an extra layer of security to keep your electronics and the power bank itself in optimal condition.
- 6. High Capacity (50000mAh):** With a robust 50000mAh capacity, the PortaPower power bank is designed to provide extended power for your devices. Whether you're traveling long distances, spending time outdoors, or simply need to charge multiple devices, this high-capacity power bank ensures you have enough energy to keep your devices running all day long.

Safety Precautions

- 1. Avoid Overcharging:** Do not leave the power bank connected to the charger for extended periods of time. Once fully charged, unplug it to prevent overcharging.
- 2. Temperature Awareness:** Keep the power bank in a cool, dry place. Avoid exposing it to extreme temperatures (below 0°C or above 45°C).
- 3. Water and Moisture Protection:** Do not use or store the power bank in wet or damp environments. Keep it dry at all times to avoid short circuits.
- 4. Proper Usage:** Use only the recommended charging cables and avoid using incompatible accessories to ensure safe charging.

5. **Monitor During Charging:** Always supervise the power bank while it is charging to detect any abnormal behavior, such as overheating or damage.
6. **Physical Damage:** Do not drop or apply excessive pressure on the power bank, as physical damage may lead to malfunction or safety hazards.
7. **Keep Away from Flammable Materials:** Do not store the power bank near flammable materials to prevent the risk of fire.

LED Functions

1. **Working:** The LED digital display remains continuously lit when the device is operational.
2. **Power On:** Press the button once to power on the device. The display will activate.
3. **Turn On/Off Flashlight:** Press the button twice to toggle the flashlight function on or off.
4. **Charging:** During charging, the last digital number on the display will flash, indicating that the device is receiving power.
5. **Fully Charged:** When the device is fully charged (100 %), the digital display remains lit, showing "100 %" to signify that charging is complete.
6. **Fast Charging:** The green lightning symbol on the display indicates fast charging mode is active.

Operation Instructions

1. **Charging the Power Bank:**
 - a. Connect the USB cable to the adapter and plug the USB-C end into the power bank's IN port.
 - b. Plug the adapter into a wall outlet to begin charging.
2. **Charging Mobile Phones and Other Electronic Devices:**
 - a. The power bank has two USB ports and one USB-C output port, with a maximum output of 3A.
 - b. Connect the USB-C cable to your device, then connect the other end to the

power bank's output port. Your device should indicate charging status.

c. Once your device is fully charged, disconnect the USB cable from the power bank.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **porodo.net/warranty** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
