Overview

The Porodo Portable Transparent Cooling Fan offers a sleek, minimalist design with advanced features like 120° oscillation and three adjustable speed levels for optimal airflow. Its whisper-quiet operation ensures a peaceful environment for work or rest, while the soft LED nightlight creates a calming atmosphere. This fan combines functionality and style, making it the perfect addition to any modern workspace or bedroom.

Specifications

Input	5V/2A
Battery Capacity	3000mAh
Working Time	3H~ 9.5H
Charging Time	2.5H
Material	ABS
Charging Interface	Type-C
Rotation Angle	120 Degrees
Speed Levels	3 (Low, Medium, High)
Product Weight	279g
Product Size	150 x 63.5 x 141.3mm
Model Number	PDTFF89

Schematic View

Instructions for Use

- 1. Fan Button:** Press the fan button once to turn on the fan, with the default setting at speed level 1. Press the button again to switch to speed level 2, then once more to switch to speed level 3. Press the button a fourth time to activate the natural wind mode, and press again to turn off the fan.
- 2. Night Light:** Press and hold the fan button to turn on the night light at low brightness. Press and hold again to increase the brightness to high. A third long press will turn off the night light.
- 3. Protection Function:** The fan is equipped with an automatic protection function. If any abnormality occurs, such as the fan motor not rotating, blades falling off, or obstruction of the blades, the fan will automatically shut down to prevent damage.
- 4. Type-C Charging Port:** The fan features a Type-C charging port, with a full charging time of approximately 2.5 hours when connected to a power source.

Indicator Light and Operating Modes

1. Fan Mode Indication:

Speed 1: LED2 (white) lights up.

Speed 2: LED3 (white) lights up.

Speed 3: LED4 (white) lights up.

Natural Breeze Mode: LED2, LED3, and LED4 (white) pulse in a breathing pattern.

2. Protection Indicator: If an abnormal condition occurs (e.g., motor failure, blade obstruction), the gear indicator will flash for 3 seconds to alert the user.

3. Low Battery Indicator: When the battery charge falls below 3.2V, the gear indicator will flash until the power is completely turned off. After powering off, turning the fan back on will cause the gear indicator to flash 10 times before turning off, indicating that the function is no longer available.

4. Charging Status:

Charging: LED1 (red) is illuminated.

Fully Charged: LED1 (red) will turn off.

Full Charge Operation Duration

Fan Gear 1: Operates for about 9.5 hours.

Fan Gear 2: Operates for about 4.5 hours.

Fan Gear 3: Operates for about 3 hours.

Precautions

1. Charge the device before first use. The product is fully charged in 2.5 hours.

2. Charge the fan every three months to prevent battery deterioration.

3. If the fan is not in use for an extended period, ensure it is fully charged before storage.
4. This product is not intended for use by children under 6 years old or individuals with disabilities without adult supervision.
5. Do not use the fan in bathrooms or swimming pools.
6. Do not wash the fan blades or detachable covers with water directly.
7. Avoid inserting sharp objects into the air inlet cover.
8. Ensure the air inlet is not obstructed.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **porodo.net/warranty** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
