Product Overview

The Porodo Quantum GaN 65W Multi-Port Charger is a compact and powerful charging solution designed for modern devices. Featuring GaN technology, it ensures efficient power delivery with minimal heat generation. The charger is equipped with a digital display that shows the charging status, making it easy to monitor power output. It supports multi-device charging through its three ports: one USB-A and two USB-C. With a 65W power output and QC 18W support, it is universally compatible with a wide range of devices, providing fast, efficient charging for smartphones, tablets, laptops, and more.
