Lightning Output	5V/2.4A
Multi-Port Output	5V/3A (Max)
Operating Temperature	-10°C to 60°C

Dimensions

Instructions for Use

A. Button Function

1. A short press activates the digital display, showing the remaining power.
2. Double-click the button to turn off the power output.

B. Charging the Power Bank

The power bank is equipped with a Type-C input. Charge it using the included USB-A to USB-C cable by connecting it to a power source. The digital display will indicate the charging progress, and a full charge is signified when it reaches 100 %. Please disconnect the power bank once fully charged.

C. Charging Your Mobile Devices

To charge your mobile device, connect it to the power bank using the available USB outputs and the built-in USB cables. Note: Different brands or devices may require different cables than those provided. Charging two devices simultaneously may result in slower charging speeds.

D. Warning

If the power bank overheats, immediately disconnect it from the power source or your device and allow it to cool down before further use.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **porodo.net/warranty** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
