## Overview

Thank you for purchasing the Porodo Universal Dual Mode Magnetic Phone Mount, engineered to enhance your driving experience by keeping your attention on the road and your hands on the wheel. This sleekly designed phone holder features robust magnets that firmly secure your smartphone, ensuring uninterrupted access to GPS, music, and hands-free calls without distractions.

## Key Features

- 1.** The magnetic phone mount is equipped with premium neodymium magnets, ensuring a secure hold for devices of varying sizes and weights—from lightweight phones to robust cases.
- 2.** This mount is compatible with a wide range of smartphones. It includes a metal plate that seamlessly integrates between your phone and its case, or can be attached directly to the back of the phone, without hindering wireless charging.
- 3.** Effortlessly rotate your phone in any direction or adjust its tilt for optimal viewing, ensuring maximum visibility and ergonomic comfort during drives.
- 4.** Easily mount or remove your phone single-handedly, maintaining convenience and safety while driving.
- 5.** The mount features a robust base that firmly attaches to your car's air vent or dashboard (includes a pad for smooth surfaces), keeping your phone stable even on rough roads.

## Installation Guide

- 1.** Securely attach the metal plate to the back of your phone or inside its case, ensuring the adhesive side faces your device. Position the plate near the center for optimal magnetic hold.
- 2.** Select your preferred mounting point—either the air vent or dashboard of your car. If mounting on the dashboard, apply the included dashboard pad first for a smooth surface.

3. Attach the mount's base firmly to your chosen spot. Ensure it is tightly secured but take care not to completely obstruct the air vents.
4. Align your phone with the magnetic surface of the mount to secure it effortlessly. The powerful magnets ensure stable and reliable attachment.

## Safety Tips

1. Always operate your phone hands-free while driving to maintain safety.
2. Periodically inspect the mount to ensure it remains securely attached and functional.
3. Prevent placement of the mount in prolonged direct sunlight to avoid overheating.
4. Keep the magnetic surface clean and clear of any dust or debris to preserve its strong grip.

## Warnings

1. Refrain from placing heavy objects on the stand to prevent any damage or instability.
2. Ensure the stand is kept out of reach from children to avoid potential injuries.
3. Do not use harsh chemicals, cleaning agents, or strong detergents for cleaning this product.
4. Avoid using or storing this product in areas where it might come into contact with liquids.

## **Warranty**

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **porodo.net/warranty** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
