## Instructions for Use

1. Pull both ends to fully expand the fan to its maximum length.
2. Bend the device into a U-shape to prepare it for wearing.
3. Place the fan around your neck, positioning the air outlets towards your face.
4. Fold the product to its original configuration for seamless portability.

### Cautions:

1. Do not twist the hose clockwise, as this can damage the internal structure.
2. Do not bend the hose at an angle less than 30° to prevent damage to the internal components.

## Warning

1. This product is not suitable for children under 4 years old. If your children need to use it, ensure they do so under adult supervision.
2. In the event of improper use, seek medical attention immediately.

3. Please do not disassemble or modify this product without proper authorization.
4. Do NOT expose the product to water. Stop using the product immediately if it was in contact with water.
5. Protect the product from strong impacts, such as falls from high altitudes.
6. Do not use the fan in humid or high-temperature locations.
7. Avoid using the fan near sources of hot wind or open flames, such as near heating equipment that could emit fumes or oil vapor (e.g., near swimming pools, hot springs, or kitchens).
8. While the neck fan is operational, ensure that fingers or other objects are kept away from the protective net to prevent injury.
9. Use only a certified power adapter when charging the fan.
10. When not in use, clean any oil stains and dust from the surface of the neck fan and store it in a dry, well-ventilated area to prevent damage.
