Before installing and using the product, please carefully read this User Manual to guarantee correct usage and keep it secure for future reference.

Features

1. Delivers up to 15 hours of continuous operation, allowing for extensive use throughout the day without the need for frequent recharging.
2. Equipped with a noise-cancelling microphone that effectively reduces background noise, ensuring clear communication in various environments.
3. Features a mute button that allows you to quickly silence the microphone, providing instant privacy during calls.
4. Includes an adjustable headband that can be tailored to fit various head sizes comfortably, ensuring prolonged use without discomfort.

Product Overview

1. ⊕ Volume Up/Next Track
2. ⊖ Volume Down/Previous Track
3. ⏻ Power Button/MFB (Multifunction Button)
4. Type-C Charging Port
5. Microphone
6. ENC Noise Canceling Microphone
7. Mute Button
8. LED Indicator Light

Connectivity

A. Bluetooth Pairing

1. Turn on Bluetooth on your phone.
2. Press and hold the ON/OFF Button for 2 seconds to power on the headset. You will hear "Power ON Pairing" and the LED indicator will flash alternately in blue and red.
3. Search and select "PD-ENC Wireless" from the Bluetooth device list on your phone. Upon successful connection, you will hear "Your headset is connected". The LED indicator will flash blue every 10 seconds to confirm the connection.

The phone will display "PD-ENC Wireless" as connected.

Note: The headset can also be paired with a computer following the steps outlined above.

B. Pairing with Two Phones

You can pair the headset with two mobile devices (e.g., phones or tablets) by following these steps:

1. Follow the pairing guide to connect the headset to device A, then deactivate the Bluetooth function on device A.
2. At this point, the headset automatically enters pairing mode.
3. Search for and select "PD-ENC Wireless" from the Bluetooth device list of device B.
4. Once the headset is connected to device B, reactivate Bluetooth on device A and tap "PD-ENC Wireless" to reconnect it to the headset. The headset is now paired with both devices.

Note:

1. When the headset is paired with two devices, music can only be played from one device at a time. If you wish to play music from the second device, pause or stop the music on the first one.
2. If you need to answer a new call from the second phone, hang up the call on the first one.

C. Siri or Google Assistant

Long press the MFB button for 2 seconds to activate Siri or Google Assistant.

LED Indicator

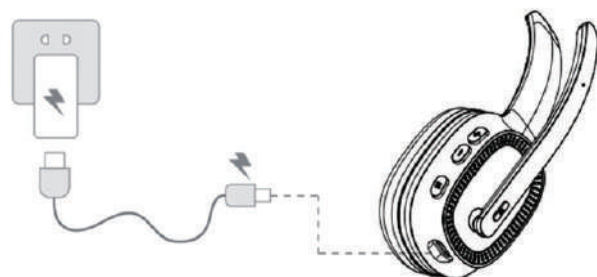

Connection succeeded	The blue light flashes once every 13 seconds.
Pairing mode	The blue and red lights flashing simultaneously.
Pairing record cleared	The blue light flashes once every 13 seconds.
