## User Guide

### 1. Introduction:

The unique silicone handle allows the night light to fold flexibly. It's user-friendly to hold, lift, hang, or even use as a stand. Choose between its two lighting modes: warm and cold shades.

### 2. Product Specifications:

Name: Outdoor Night Light

Origin: China

Dimensions: 252mm x 88mm x 88mm

Voltage: DC 5V

Material: ABS/PC Silicone

Current: Rated at 500mA

Net Weight: Approximately 170g

Operational Current: 250mA

Power: 1 watt

Compliance Standards: GB2008-7000.204, GB2015-7000.1

### 3. Operating Instructions:

- Press the switch: Engage the warm light. For brightness adjustment, hold the switch.
- Press again: Engage the white light. To modify brightness, hold down the switch.
- Press a third time: Turn off the device.

### 4. Usage Precautions:

- If the light appears dim, it indicates the battery is empty. Stop usage and charge promptly. Avoid using the light while charging to ensure battery longevity.
- Prior to initial use, charge the product for a minimum of 3 hours.

### 5. Package Contents:

- Night Light Body
- Silicone Strap
- 1 USB Cable
- User Manual
