

110W Dual Port Transparent Aluminum Car Charger

Model : PD-110CXC-BK

1. Product Parameter

Brand: Porodo

Name: Car Quick Charger

Model No.: TQ-CC39A

Material: Aluminum alloy+PC

Input: DC 12-24V

USB-A Output: 5V=3A; 4.5V=5A; 5V=4.5A; 9V=3A; 12V=3A; 15V=3A; 20V=2.25A (45W Max.)

USB-C Output: 5V=3A; 4.5V=5A; 5V=4.5A; 9V=3A; 11V=4A; 12V=3A; 15V=3A; 20V=3.25A (65W Max.) PPS: 3.6-11V=5A

USB-C Cable Output: 5V=3A; 9V=3A; 12V=3A; 15V=3A; 20V=2.25A (45W Max.)

Product Size: About 66.3mm x 29.3mm x 27.3mm

Product Weight: $\approx$ 52g

Length (USB-C Cable) : 1M

Applicable models: Most mainstream car models

Compatible equipment: Most mobile phones and digital products

*The above data are measured by the Porodo laboratory, the actual use will be slightly different depending on the specific circumstances.

Note: This product is only suitable for 12-24V car models, please do not use it for car with a voltage exceeding 24V to avoid irreversible failure of the product.

2. Product Diagram

3. Function Description

1. Multi-port Independent Charging: The car charger supports fast charging of three devices at the same time without losing speed.
2. With USB-C Cable: The car charger comes with a USB-C spring data cable, so you don't need to carry extra cable with you.
3. Multi-protocol Compatibility: Support PPS, PD3.0, PD2.0, QC3.0, QC2.0, AFC, FCP and other fast charging protocols.
4. Translucent Design: The translucent shell design is exquisite and fashionable, and the internal structure is clearly visible.

4. User Instruction

1. Please insert the car charger with cable into the cigarette lighter interface in the car;
2. Please connect one end of the charging cable to the output port of the car charger, and connect the other end to the digital device you need to charge, then the device can be charged.

5. Precautions

1. Please use the car charger to charge after confirming that the car engine has been started.
2. Do not use this product to charge devices with excessive power to avoid damage to devices due to excessive power.
3. For your safety, please do not use this product in any humid environment or thunderstorm weather.
4. Do not clean the product with strong chemicals, cleaning agents, etc.
5. Please pull out the plug in time after use.
6. This product is an electronic product, please avoid strong drop or collision with the product.

6. Tips

1. Please read all instructions and precautions carefully before using this product. Irregular use will cause damage to the product itself or your personal safety.
2. If the personal and property damage caused by the consumer's violation of the product manual and improper use, you need to bear all the consequences by yourself, and the company will not bear any legal responsibility.
3. This product supports fast charging. In order to have a better fast charging experience, it is recommended that you use an official or certified original charging cable.

WARNING

Please follow the above safety instructions otherwise it will cause fire, electric shock, damage or other injury.

This equipment complies with the provisions of Directive 2012/19/EU. It is strictly forbidden to dispose of this equipment with general waste and must be recycled. This symbol indicates that this product cannot be used as regular domestic waste for disposal, and must be delivered to the corresponding waste recycling station that is capable of recycling electrical and electronic equipment.
