## **60W Dual Port Transparent Aluminum Car Charger**

Integrated Type-C Cable

**Model: PD-60XC-BK**

Please read this instruction manual carefully  
before use and keep it properly.

## 1. Product Parameter

Brand: Porodo

Name: 60W Dual Port Transparent Aluminum Car Charger

Model No. - PD-60CXC-BK

Material	-	Aluminum Alloy + PC
Input	-	12-24V
Total Output	-	60W
USB-A Output	-	5V/3A, 9V/2A, 12V/1.5A (18W)
USB-C Output	-	5V/3A, 9V/3A, 12V/2.5A (30W)
Built-in Type-C Output	-	5V/3A, 9V/3A, 12V/2.5A (30W)
Cable Length	-	1 Meter
Product Dimension	-	29.8x60mm
Product Weight	-	52.5g

Applicable models: Most mainstream car models

Compatible equipment: Most mobile phones and digital products

Note: This product is only suitable for 12-24V car models, please do not use it for car with a voltage exceeding 24V to avoid irreversible failure of the product.

## 2. Product Diagram

### 3. Function Description

- 1.Multi-protocol Compatibility: The car charger supports mainstream fast charging protocols such as QC3.0, PD3.0, FCP, QC2.0, and Apple.
- 2.Car Charger with Cable: The car charger comes with a Type-C stretch data cable, which is convenient for your use and prevents you from carrying the extra cable.
- 3.Safety Protection: over-current protection, over-voltage protection, short-circuit protection, over-temperature protection, over-power protection, under-voltage protection, etc.
- 4.Semi-translucent Design: The translucent shell design is exquisite and fashionable, and the internal structure is clearly visible.

### 4. User Instruction

- 1.Please insert the car charger with cable into the cigarette lighter interface in the car;
- 2.Please connect one end of the charging cable to the output port of the car charger, and connect the other end to the digital device you need to charge, then the device can be charged.

### 5. Precautions

- 1.Please use the car charger to charge after confirming that the car engine has been started.
- 2.Do not use this product to charge devices with excessive power to avoid damage to devices due to excessive power.
- 3.For your safety, please do not use this product in any humid environment or thunderstorm weather.
- 4.Do not clean the product with strong chemicals, cleaning agents, etc.
- 5.Please pull out the plug in time after use.
- 6.This product is an electronic product, please avoid strong drop or collision with the product.

### 6. Tips

- 1.Please read all instructions and precautions carefully before using this product. Irregular use will cause damage to the product itself or your personal safety.
- 2.If the personal and property damage caused by the consumer's violation of the product manual and improper use, you need to bear all the consequences by yourself, and the company will not bear any legal responsibility.
- 3.This product supports fast charging. In order to have a better fast charging experience, it is recommended that you use an official or certified original charging cable.

**WARNING**

Please follow the above safety instructions otherwise it will cause fire, electric shock, damage or other injury.
