## Product Overview

**A.** Concentrator

**B.** Air Outlet

### C1. Speed Switch

**Level 0:** OFF

**Level I:** Low Speed

**Level II:** High Speed

### C2. Temperature Switch

**Level 0:** Cool Wind

**Level I:** Warm Wind

**Level II:** Hot Wind

## Instructions for Use

1. Adjust the desired blowing strength.
2. Select the appropriate speed and temperature for hair drying or styling.
3. If the hair dryer ceases to function for any reason, turn it off immediately and allow it to cool down.
4. Always ensure the switch is in the OFF position before connecting the unit to a power outlet.

## Specifications

|                   |                     |
|-------------------|---------------------|
| Rated Voltage     | 220-240V            |
| Rated Frequency   | 50Hz                |
| Rated Power       | 1200W               |
| Power Plug        | UK 3-Pin Plug, 1.8M |
| Product Weight    | 420g                |
| Product Dimension | 26.9×9×24cm         |

## Using the Concentrator

Use the concentrator to precisely direct the airflow towards the brush or comb during hair styling.

1. To attach the concentrator, easily position it onto the appliance.
2. To detach the concentrator, gently pull it away from the appliance.

## Danger

To mitigate the risk of electric shock and serious injury:

1. Always unplug this appliance immediately following use.
2. NEVER using this appliance while bathing. The electric shock can result in injury and death.
3. Ensure that the appliance is not placed or stored where it could fall or be pulled into a bathtub or sink.
4. Refrain from placing or dropping the appliance into water or any other liquids.

**Important Warning:** In case the appliance fell into sink or bath or has been exposed to water, DO NOT touch the appliance. Disconnect the power source IMMEDIATELY. Do not turn on the appliance after such incidents.

## Warning

1. This appliance is not intended for use by individuals (including children) with reduced physical, sensory, or mental capabilities, or those lacking experience and knowledge, unless they are under supervision or have received instruction concerning the appliance's use from a person responsible for their safety.
2. Ensure that children are supervised to prevent them from playing with the appliance.
3. To enhance safety, it is recommended to install a residual current device (RCD) with a rated operating current not exceeding 30mA in the bathroom's power supply circuit. For more details, consult with the installation service provider.
4. **Warning:** NEVER use this appliance near bathtubs, showers, basins, or any other containers filled with water.
5. If the power cord is damaged, the appliance should be repaired or replaced by a qualified service professional to avoid any risk.

## Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling in compliance with local waste management regulations.

## Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **[porodo.net/warranty](https://porodo.net/warranty)** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
