Safety Information

1. Please read the safety instructions carefully before using this product for the first time and retain them for future reference.
 2. This product is not a toy. Keep it out of the reach of children.
- Warning:** This product contains lithium polymer batteries.
3. Keep the product away from children and pets to prevent chewing or swallowing.
 4. The recommended operating and storage temperature is between 0°C and 40°C. Using or storing it outside this range may affect its performance.
 5. Never open the product. Contact with internal components may result in electric shock. Repairs or servicing should only be carried out by qualified personnel.
 6. Avoid exposing the product to heat, water, moisture, or direct sunlight.
 7. Remove the earphones immediately if there is any leakage or excessive heat to prevent burns or irritation.
 8. Protect your ears from loud volume levels, as high volume can cause hearing damage.
 9. Bluetooth wireless technology operates within a range of approximately 10 meters (30 feet). The actual range may vary depending on obstacles such as walls, metal objects, or electromagnetic interference.
 10. Microwaves emitted by Bluetooth devices may interfere with medical devices.
 11. This unit is not waterproof. If water or foreign objects enter the device, there is a risk of fire or electric shock. Discontinue use immediately if this occurs.

Note: To connect to an iPhone with the latest version of iOS, follow steps 3–1.

Connection Guide

Power On: The charging case opens automatically, and the left and right earphones are paired.

Power Off: The earphones automatically power off in the charging case, which intelligently detects whether they need to be charged.

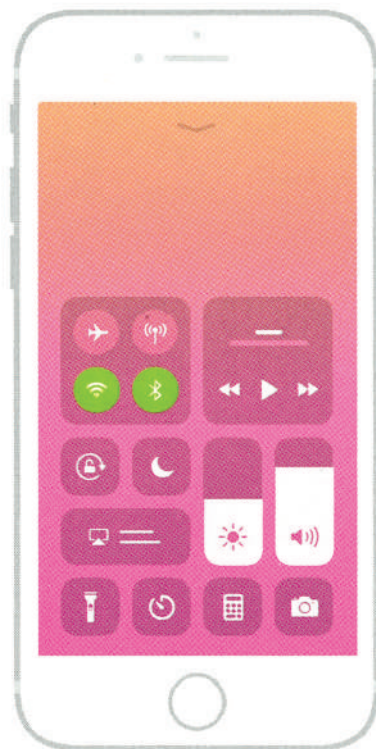

Pop-up Connection: When the Bluetooth of the mobile phone is active, and the earphones are near the phone with the charging case opened, the connection window will automatically appear. Follow the on-screen instructions to complete the connection.

Manual Pairing Reset: To reset the pairing, turn off the mobile phone's Bluetooth. Place the earphones in the charging case, press and hold the charging case button for 10 seconds until the indicator light changes from white to green, then release the button and close the case to complete the reset.

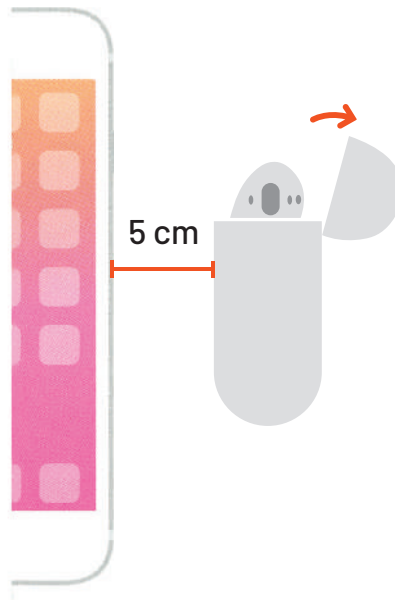

Reconnection: Upon turning on the phone, the earphones will automatically pair and reconnect to the previously connected device.

1. Connecting to Phone

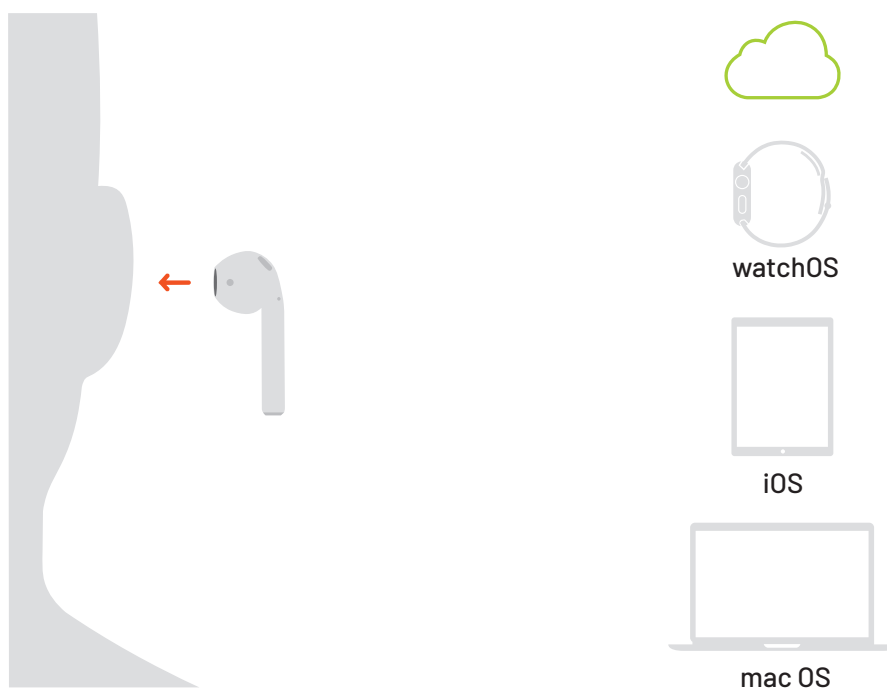

Step 1: Turn on Bluetooth connection on your mobile phone.

Step 2: Open the case and hold it near an unlocked phone, then follow the on-screen instructions to connect.

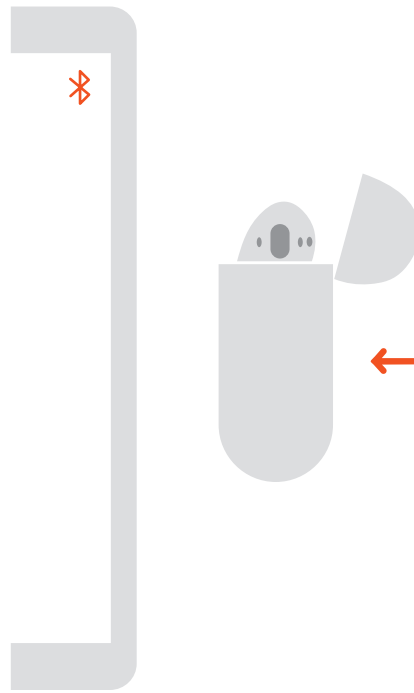

Step 3: Start listening. Place the earbuds in your ears and adjust them until you hear the tone, indicating that they are ready to play.

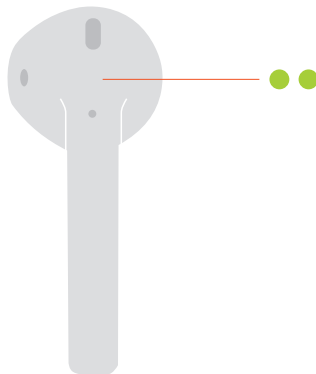

2. Connecting to Other Devices

With the case and lid open, press the button until the light blinks. Then, go to Bluetooth settings and select the device.

Enable Siri

Say "Hey Siri" or configure your device to activate Siri with a double tap.

Multifunction Button Guide

Answer Calls: Tap once to answer an incoming call.

End Call: Once the call is complete, tap once to end the call.

Reject call: Tap twice to reject an incoming call.

Pause or Play: Tap any headset once to pause or play audio.

Next or Previous Track: To skip to the previous song, touch the left earbud three times. To skip to the next song, touch the right earbud three times.

Power Level Status

Check charge status: The light displays the charging status of the earbuds when placed in the case. When the earbuds are not in the case, the light shows the charge status of the case itself.

Fully Charged

Not Fully Charged

Charge wirelessly

Charge the device while it is in the case by placing the case with the status light facing up on a compatible wireless charger. Alternatively, you can charge using the cable.

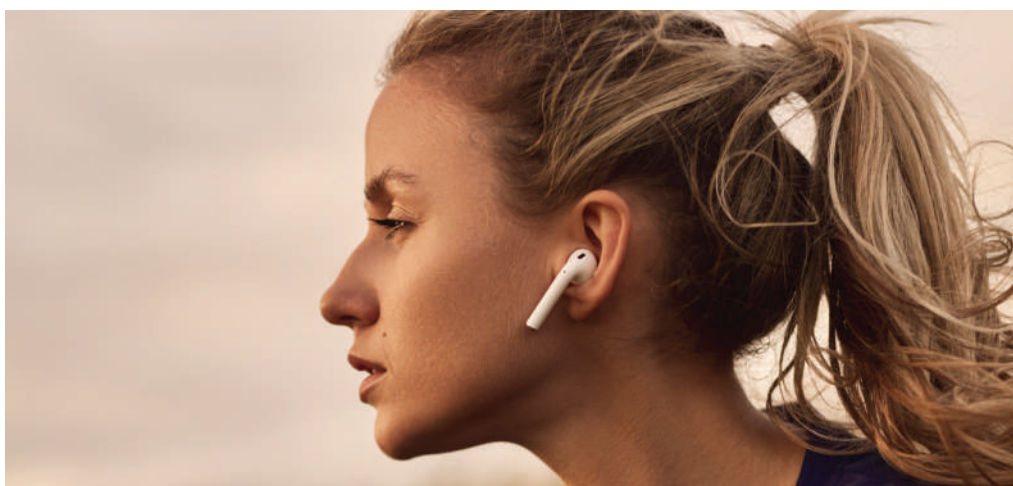

Specifications
