Safety Information

1. Please read the safety instructions carefully before using this product for the first time and retain them for future reference.
 2. This product is not a toy. Keep it out of the reach of children.
- Warning:** This product contains lithium polymer batteries.
3. Keep the product away from children and pets to prevent chewing or swallowing.
 4. The recommended operating and storage temperature is between 0°C and 40°C. Using or storing it outside this range may affect its performance.
 5. Never open the product. Contact with internal components may result in electric shock. Repairs or servicing should only be carried out by qualified personnel.
 6. Avoid exposing the product to heat, water, moisture, or direct sunlight.
 7. Remove the earphones immediately if there is any leakage or excessive heat to prevent burns or irritation.
 8. Protect your ears from loud volume levels, as high volume can cause hearing damage.
 9. Bluetooth wireless technology operates within a range of approximately 10 meters (30 feet). The actual range may vary depending on obstacles such as walls, metal objects, or electromagnetic interference.
 10. Microwaves emitted by Bluetooth devices may interfere with medical devices.
 11. This unit is not waterproof. If water or foreign objects enter the device, there is a risk of fire or electric shock. Discontinue use immediately if this occurs.

Function Guide

Tap once to answer or reject a call. 1x 

Tap once to play or pause. 2x 

Tap twice to skip to the next song. 3x 

Tap three times to go back to the previous song. 1x  

🔊) Swipe up or down to adjust the volume.

👤🔄👤 Press and hold to switch between Active Noise Cancellation and Transparency mode.

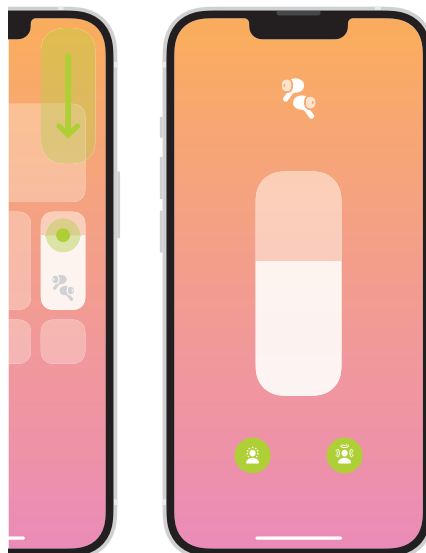

Earbud Mode Switching

Two ears switch to one ear: In the process of using the ear, you can put any headset into the charging bin, and the two ears will automatically switch to one ear

One ear switches both ears: During the use of one ear, you can take out another headset from the charging bin at any time to use, and automatically switch from one ear to two ears

Audio Control

To perform audio controls in Control Center, swipe down from the top-right corner to open Control Center. Touch and hold the volume slider to access audio options.

Connection Guide

Auto Connection: With Bluetooth enabled on the mobile phone, when the earphones are near the iPhone and the charging case is opened, a connection window will automatically appear. Follow the on-screen instructions to complete the pairing process.

Power On: The charging case opens automatically, and the left and right earphones are paired automatically.

Power Off: The earphones power off automatically when placed in the charging case. The case also intelligently detects whether the earphones need to be charged.

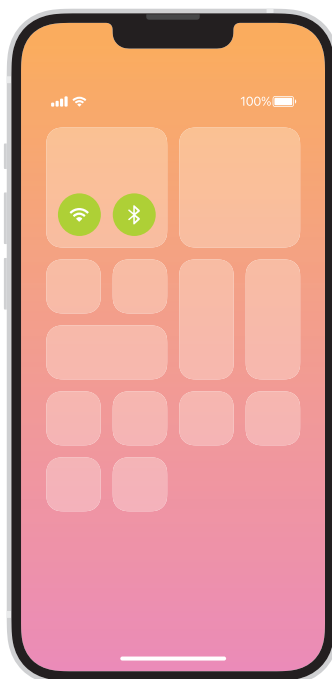

Manual Pairing Reset: Turn off the mobile phone's Bluetooth, place the earphones in the charging case, and press the case's button for 10 seconds until the indicator light changes from white to green. Then, turn it off and close the case to complete the reset.

Auto Reconnection: Once the phone is turned on, the headset automatically pairs and reconnects to the previously connected device.

1. Connecting to Phone

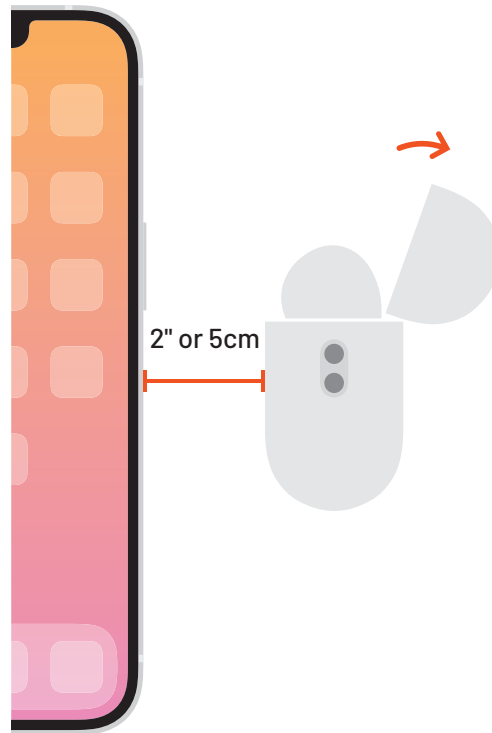

Step 1: Connect.

Ensure you are connected to Wi-Fi, then enable the device to proceed.

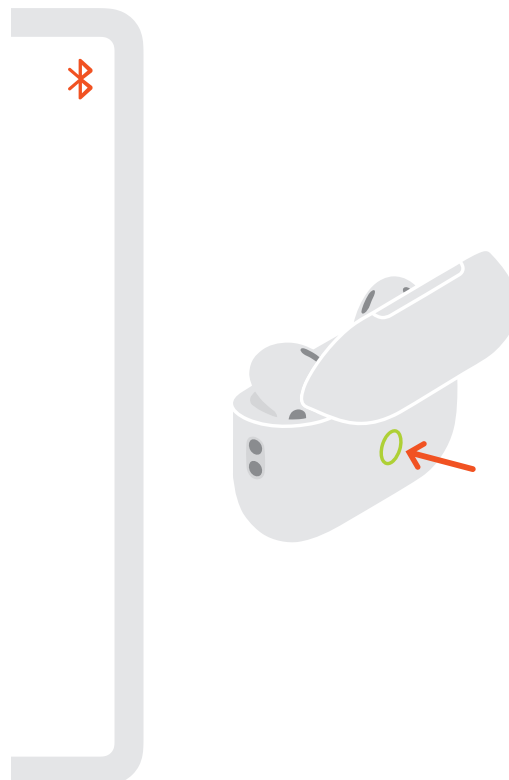

Step 2: Connect Earphone

Open the case and hold it near the device to begin the setup. Devices signed in to iCloud will pair automatically.

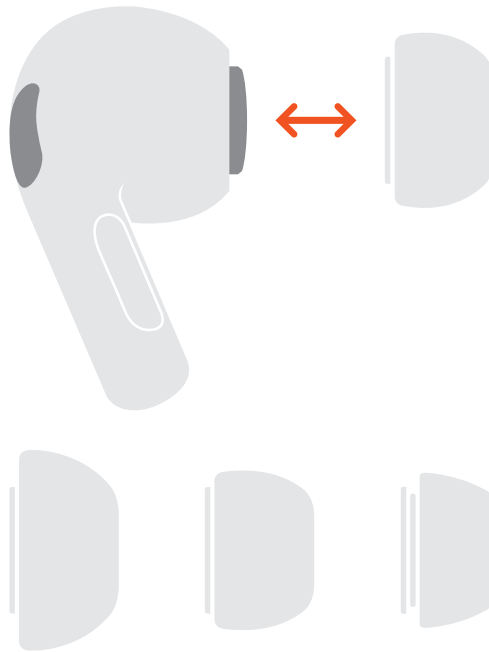

2. Connecting to Other Devices

With the earphones in the open case, press the button on the back until the light blinks. Then, select the earphones in Bluetooth settings.

Changing Ear Tips

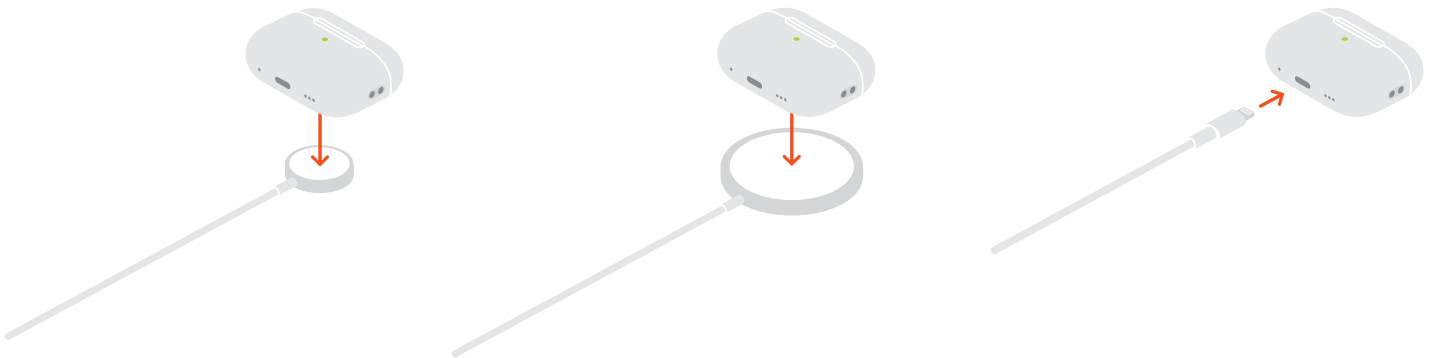

Pull firmly to remove the tip. To attach the new tip, align it properly and push until it clicks into place. For additional tip sizes, refer to the contents inside the box.

Choose the most comfortable fit for your ears.

Charge Earphones

Place the case with the status light facing up on a wireless charger. Alternatively, you can use the charging cable.
