Features

1. Equipped with 5 standard AC outlets, providing a maximum total output of 3250W (13A at 250V).
2. The product includes a retractable Type-C cable inside, with a magnetic holder to keep the cable securely in place. Includes a clamp for securing the extension lead in place.
3. The extension lead features 5 independent switches for individual control.
4. The USB ports provide convenient charging for a variety of devices, including cell phones, tablets, computers, MP3/MP4 players, PSPs, GPS units, and other digital electronic devices.
5. Provides reliable protection against electrical failures, ensuring worry-free usage and allowing devices to operate at peak performance without interruptions or risks.
6. Automatically adjusts the charging output based on each device's requirements, delivering fast and safe charging while preventing battery damage and overheating.
7. Offers quick and secure installation with an ergonomic clamp that accommodates various thicknesses, supporting neat and accessible power management.

Schematic View

Specifications

AC Input	110V-250V, 60/50Hz
Rated Current	13A Max
Rated Power	3250W Max (at 250V)
USB-C1/C3 Output	5V/3A, 9V/2.22A, 12V/1.67A, PD 20W Max
USB-C2 Output	5V/2.4A, 12W
USB-A1/A2 Output	5V/2.4A, 12W
Total Output	5V/3.4A, 17W
Plug Type	UK Plug
Retractable Cable Length	80cm
Product Size	10 x 17 x 40cm
Product Weight	997g
Model Number	PDXT16011

Warning

- 1.** Do not disassemble, repair, or modify this product yourself, as tampering may damage the device, impair its functionality, or pose a safety risk.
- 2.** If the device is exposed to high or low temperatures, turn it off to prevent potential damage or malfunction. Wait until the temperature stabilizes to a safe level before using it again.

3. Store and use the device in a dry environment, away from sources of heat and moisture.
4. Damaged wires or plugs may lead to a short circuit or electric shock. If any damage is found, discontinue use and replace the affected components.
Do not connect a voltage or current that exceeds the product's specifications.
5. Failure to follow the operating instructions may result in product malfunction

Instructions for Use

1. Fix the power strip by ensuring the desk thickness is no more than 1.8 inches (4.5 cm) and that there is at least 1.9 inches (4.8 cm) of space beneath the desk.
2. Secure the power strip by fastening the clamp screw. If you prefer not to permanently fix the power strip, simply disassemble the clamp and replace the longer screw with the shorter one (included in the accessory kit) to secure the back cover.
3. Plug the power strip into a suitable AC outlet.
4. Turn on the power by flipping the switch. The blue power indicator will light up.
5. Connect your appliances by plugging them into the AC outlets on the power strip.
6. Charge your devices by inserting your charging cable into the USB ports and connecting your USB rechargeable devices.
7. Turn off and unplug the power strip when charging is complete by pressing the power switch and disconnecting your devices.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **porodo.net/warranty** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
