Product Overview

The Porodo PETITE 20000mAh Power Bank with Integrated Type-C & Lightning Cable offers a practical and efficient charging solution. It boasts a 10000mAh capacity, ensuring that your devices stay powered throughout the day. Equipped with built-in Type-C and Lightning cables, it eliminates the need for carrying extra cables, offering seamless and convenient charging. The power bank features a digital display that provides real-time battery status, so you always know when it's time to recharge. With fast charging technology, it reduces the time required to power up your devices, making it ideal for fast-paced lifestyles. Its sleek, compact design allows for easy portability, while its universal compatibility ensures it works with most smartphones and tablets. This power bank is a reliable companion for anyone in need of a portable charging solution. Ideal for travelers, commuters, or anyone needing a reliable power source, this power bank delivers both style and performance.

Specifications

Battery Capacity	20000mAh
USB-C Input	5V/3A, 9V/2.22A, 12V/1.67A
USB Output	5V/3A, 9V/2.22A, 12V/1.67A
Type-C Output Line	5V/3A, 9V/2.22A, 12V/1.67A
Lightning Line Output	5V/2.1A
Multi-port Output	5V/3A
Product Weight	170g
Product Size	33 x 65 x 86mm
Model Number	PDNPB37

- 1.** Type-C
- 2.** USB Port
- 3.** Switch
- 4.** Disconnection Prevention Mechanism
- 5.** Digital Display Screen
- 6.** Lightning Cable
- 7.** Type-C Port (Input/Output)

Key Features

- 1. Integrated Type-C & Lightning Cable:** Built-in cables for seamless charging of a wide variety of devices, offering ultimate convenience for users.
- 2. Digital Display:** The clear digital display shows the exact remaining power, ensuring you never run out of charge unexpectedly.
- 3. Fast Charging:** Equipped with fast charging technology, allowing you to quickly recharge your devices when needed.
- 4. Compact Design:** Lightweight and sleek, the Porodo PETITE power bank fits easily into your bag or pocket for portable charging on the go.
- 5. Universal Compatibility:** This power bank is compatible with a wide range of devices, including smartphones, tablets, and other USB-powered gadgets.
- 6. Fast Charging Technology:** Minimize charging time with cutting-edge fast charging capabilities, perfect for busy, on-the-go individuals.

Digital Display

- 1.** The charging status will be displayed by the battery display. Once fully charged, the display will show 100%.
- 2. Battery Check:** To check the remaining battery level, press the power button once. The power display will show the current battery status.
- 3. Turn Off Power Display:** To turn off the power display, press the power button again. This will deactivate the display to save energy when not in use.

Charging Instructions

- 1. Charging the Power Bank:** The power bank can be charged using the built-in Type-C cable with PD 20W support or by using the user's own Type-C cable (up to a maximum of 20W PD). The charging status will be indicated by the battery

indicator. Once fully charged, the display will show %100. For optimal performance, please unplug the power bank after it has reached a full charge.

2. Charging Mobile Devices: You can charge mobile devices via the built-in Type-C cable (up to a maximum of 20W PD output) or using a Lightning cable (up to 10.5W output). Alternatively, devices can also be charged using a USB-A or USB-C cable with a maximum output of 22.5W, depending on the device's compatibility. Please note that some devices may require specific cables to charge effectively.

3. Charging Multiple Devices: When charging multiple devices simultaneously, the maximum charging speed will be 5V/3A, ensuring optimal power distribution.

Safety Precautions

1. If the power bank becomes uncomfortably hot or reaches excessive temperatures during use or while charging, it is critical to disconnect it from both the power supply and any mobile devices without delay. This is important to prevent potential damage to the power bank, connected devices, or even to ensure user safety. Allow the power bank to cool down naturally in a well-ventilated area before reconnecting or resuming use.

2. Do not use or charge the power bank in excessively hot or humid environments.

3. Always use the correct cable (Type-C, Micro-USB, or Lightning) for charging your devices. Using incompatible cables may cause overheating or damage.

4. Ensure the charging port is clean and free from debris before connecting any cables.

5. Do not expose the power bank to water, rain, or other liquids. It is not water-resistant and may malfunction or become damaged when wet.

6. Store the power bank in a cool, dry place when not in use. Avoid direct sunlight and high-temperature areas such as next to radiators or in cars.

7. Keep the power bank away from flammable materials to prevent any risk of fire.

- 8.** Do not attempt to open, disassemble, or repair the power bank yourself. Contact authorized service centers for any repairs or issues. Unauthorized disassembly may void the warranty and cause safety hazards, such as electrical shocks or battery leakage.
- 9.** Do not use the power bank if the cable or the power bank itself is damaged. A short-circuit or overload can occur if the power bank is not functioning properly.
- 10.** If the power bank is excessively hot or showing signs of swelling, stop using it immediately and dispose of it responsibly.
- 11.** Handle the power bank gently to avoid accidental drops or impacts. Physical damage can affect the performance or safety of the battery.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **porodo.net/warranty** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
