Specifications

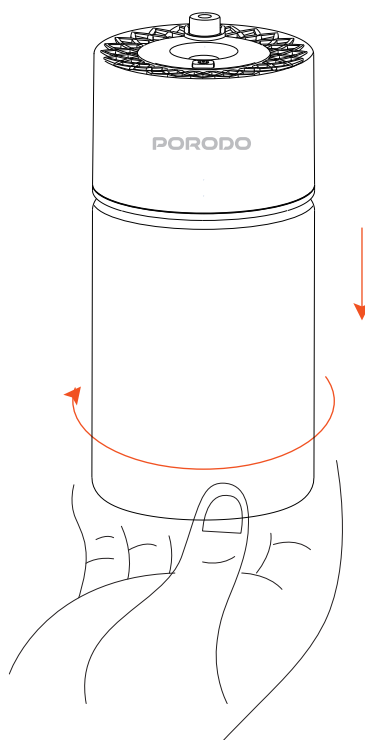

Input	5V/1A
Rated Power	5W
Bottle Capacity	120mL
Battery Capacity	300mAh
Operating Temperature	0°C~60°C
Charing Interface	Type-C
Product Size	42 x 42 x 120mm
Product Weight	430g
Model Number	PDADIFFD3

Schematic View

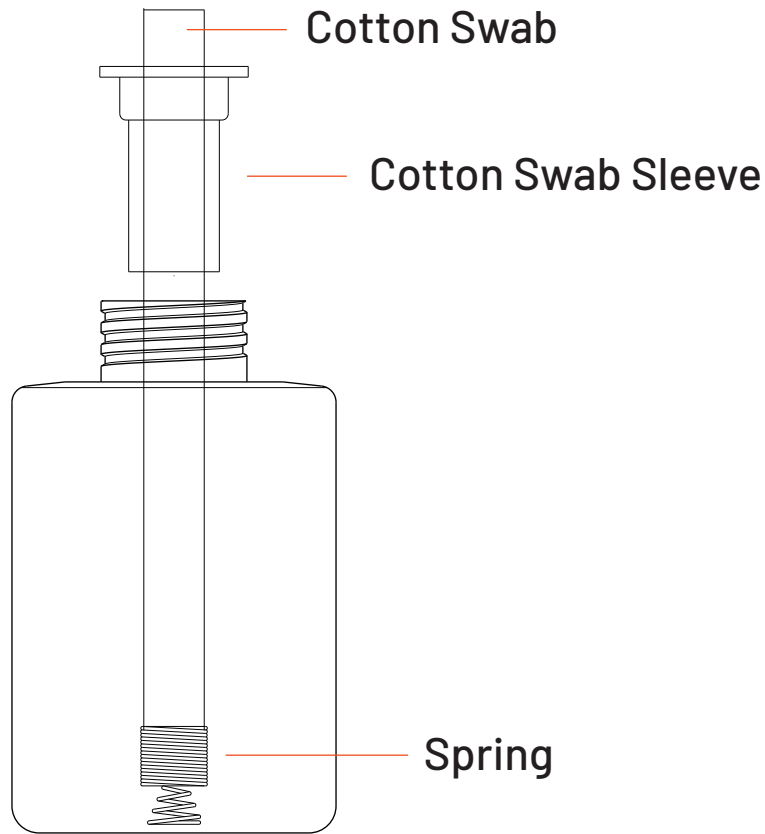

Installation Instructions

1. Rotate the perfume bottle to remove it, then unplug the bottle and insert the cotton swab catheter.

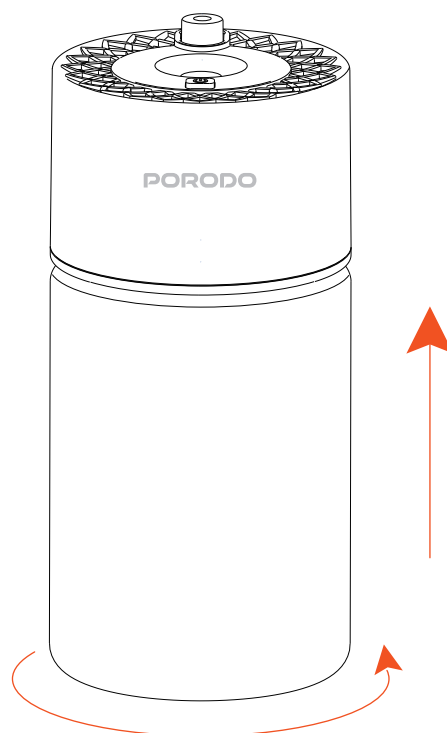

2. Place the spring onto the cotton stick and insert the perfume bottle.

3. Screw the perfume bottle into the machine.

4. Wait 2-3 minutes for the cotton swab to fully absorb the perfume before turning the device on.

Instructions for Use

1. Press and hold the power button for 3 seconds to turn on the device. The gear indicator will light up. Press the power button to switch modes.
2. Press and hold the power button for 3 seconds to power off. The red light will flash 3 times.
3. Double-click the power button to turn on/off the ambient light. When the atmosphere light is on, click the power button to switch the atmosphere light.
4. Press the power button three times to turn on/off the star light. The star lights will automatically turn off after 15 minutes.
5. Press the power button five times to activate the home mode.

Charging Instructions

1. When charging, the red, blue, and green lights will flash in sequence, followed by a solid green light when fully charged.
2. When the battery level is below 10%, the red light blinks twice.
3. When the battery level is below 3%, the machine will automatically shut down.

Mode Description

1. **Mode 1:** Spray once every 15 minutes, 1 second each time, green light.
2. **Mode 2:** Spray once every 5 minutes, 1 second each time, blue light.
3. **Mode 3:** Spray once every 1 minute, 1 second each time, yellow light.
4. **Mode 4:** Spray once every 5 seconds, 1 second each time, purple light.
5. **Mode 5:** In vehicle mode (Intelligent Sensing Mode) , the car automatically opens 10 minutes after getting off. The car will automatically enter standby mode and stop spraying.

Charging Instructions

1. When charging, the red, blue, and green lights will flash in sequence, followed by a solid green light when fully charged.
2. When the battery level is below 10%, the red light blinks twice. When the battery level is below 3%, the machine will automatically shut down.

Reminder

1. Use only the company's special supplement solution. Do not add other liquids to avoid malfunction.
2. Avoid reversing the device to prevent leakage of perfume.
3. To ensure optimal battery life, please charge for no more than 4 hours before using for the first time.

Safety Instructions

1. If the spray volume diminishes, carefully wipe the spray nozzle with a cotton swab, replace the loose cotton swab, or replace the unit as necessary. Additionally, perform a cleaning cycle using high-frequency vibration.
2. Only use the company's designated perfume formula. Using any other fragrance may result in nozzle obstruction and compromise the functionality of the product.
3. Adhere strictly to the outlined steps to prevent liquid from leaking through any corroded areas.
4. Avoid impact with hard surfaces. Do not scratch the product's exterior with sharp objects to prevent damage.
5. During operation, ensure the product is stored upright to prevent tipping and potential spillage.

- 6.** Store the perfume securely, away from light, when not in use. Do not open the bottle unless necessary.
- 7.** The perfume is not intended for consumption. Keep it out of reach of children and pets to prevent accidental ingestion.
- 8.** Perfume must not come into contact with the skin or eyes. If accidental contact occurs, rinse immediately with clean water or seek medical attention.
- 9.** The perfume will gradually evaporate and diminish over time. To maintain optimal performance, replace the perfume as needed.
- 10.** Avoid contact with oily paint, leather, or fabric surfaces to prevent potential corrosion. In case of spillage, clean immediately and take care to avoid damage to corroded surfaces.

Battery Warning

- 1.** Do not disassemble, impact, squeeze, or expose the battery to fire. If swelling occurs, discontinue use immediately and avoid high-temperature environments.
- 2.** If the battery is improperly replaced, it may pose an explosion risk. Only replace the battery with the same type or an equivalent type.
- 3.** Batteries (including battery packs or combination batteries) must not be exposed to conditions such as direct sunlight, fire, or excessive heat.
- 4.** Do not use the battery if it has been submerged in water.
- 5.** This product contains batteries. Please dispose of them separately from household waste.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **porodo.net/warranty** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
