Connection

Plug USB head into a computer's USB port to use the mouse.

B. Keyboard

First Use

1. Open the package and remove the keyboard.
2. Insert the USB receiver into the USB port of the computer.

Troubleshooting

1. Ensure the receiver is properly connected to the computer and that the keyboard's power switch is in the ON position.
2. If issues persist, try connecting the receiver to a different USB port on your computer.
3. Restart your computer.
4. If the problem still occurs, connect the keyboard to a different computer.

Driver Installation

To optimize user experience, connect your porod gaming mouse to your PC and install the product driver as instructed below:

1. Download the driver file from Porodo Website.
2. Right click on "PDX221" and select "copy as path".
3. Right click command prompt from the windows tab and select "run as administrator".
4. paste the copied address in command prompt and press enter.
5. Wait for the driver to be installed

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **porodo.net/warranty** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.

For more info, please check:
porodo.net/warranty
