Product Overview

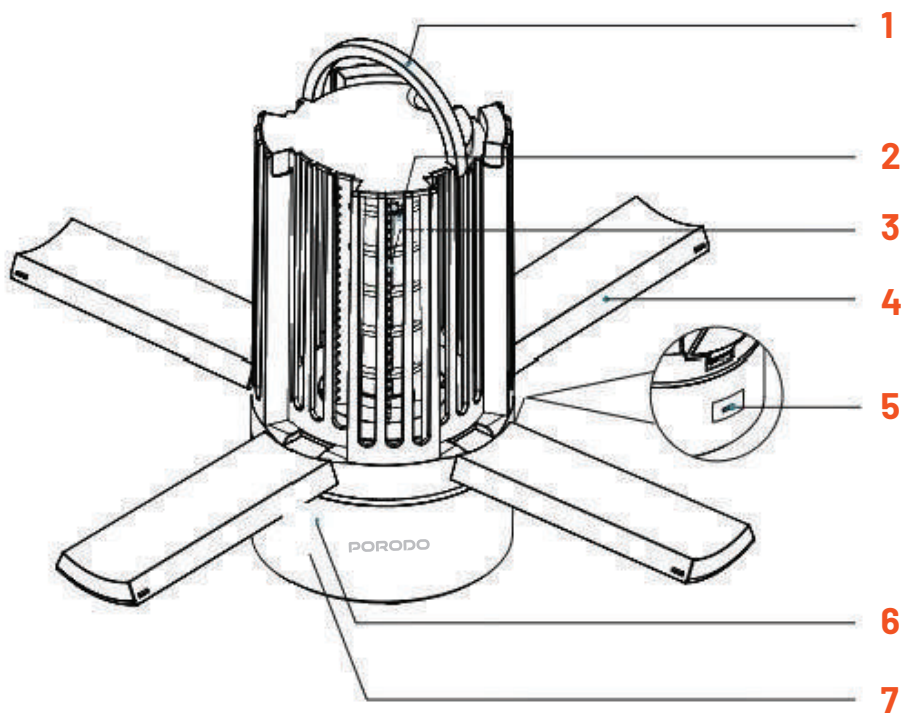

The Porodo Portable 2-in-1 Insect Killer Lamp offers a multi-function lighting solution with powerful mosquito-killing capabilities. Equipped with UV-A LED technology, it effectively attracts and eliminates mosquitoes, providing a peaceful outdoor experience. This lamp also features versatile lighting modes, including UV and white light, with adjustable brightness for different environments such as camping or emergencies. Powered by a 4000mAh battery, it delivers up to 16 hours of mosquito-killing action or 8 hours of lighting, making it ideal for outdoor activities. Its foldable design and 360° coverage further enhance its portability and effectiveness.

Specifications

Input	DC 5V
Battery Capacity	4000mAh
Discharge Voltage	1200V
Rated Power	5W
Charging Interface	Type-C
Recharge Time	5H
Usage Time	4H ~ 16H
Material	ABS
Net Weight	400g

Product Size	98*98*185mm
Model Number	PDLS638

- 1.** Hidden Handle
- 2.** V-A Light Source
- 3.** Electroshock Mesh
- 4.** Foldable LED Light

- 5.** Type-C Port
- 6.** Battery Indicator
- 7.** ON/OFF Switch

Packing List

1. Mosquito Killer Lamp
2. Type-C Cable
3. Cleaning Brush

Product Function

1. **Efficient Mosquito Control:** UV-A LED light (380°) releases mosquito-attracting light waves, effectively eliminating mosquitoes and small flying insects in the surrounding area.

2. **Lighting Function:** Two brightness modes adapt to different light intensity needs. The night light mode allows for quiet sleep, while the lighting mode offers better visibility. You can also activate both mosquito killing and night light functions simultaneously for a peaceful sleep.

Mode 1: Mosquito Killing

Mode 2: Night Light

Mode 3: Lighting

Mode 4: Mosquito Killing + Night Light

3. **Foldable Design:** The lightweight material with a folding structure reduces the size for easy storage in a backpack or suitcase, making it travel-ready.

4. **Hanging Loop Design:** Can be hung or stored easily.

5. **Long Battery Life:** Equipped with a 4000mAh high-capacity lithium battery that ensures prolonged use, even in remote areas.

Mode 1: Mosquito Killing – runs for about 16 hours

Mode 2: Night Light – runs for about 8 hours

Mode 3: Lighting – runs for about 4 hours

Mode 4: Mosquito Killing + Night Light – runs for about 4 hours

6. **Four battery indicator light:** 25% capacity for each indicator, so you know the remaining power in advance to make a good charging plan.

Setup Guide

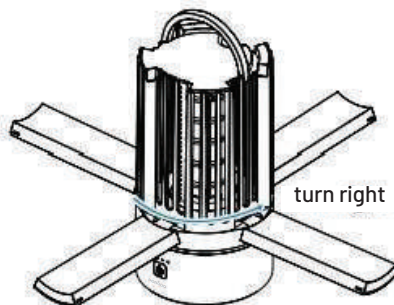

1. **Wilderness Adventure:** Provides double protection for campers in forests or mountains, keeping away annoying mosquitoes while ensuring excellent visibility at night.
2. **Home Use:** Acts as a guardian for backyard barbecues, parties, or daily activities, creating a comfortable and safe environment.
3. **Night Fishing:** At the riverside or lakeside, it helps fishing enthusiasts to concentrate on the movement of the buoy without being disturbed by mosquitoes, thus increasing the rate of harvesting at night.
4. **Put it in your car:** You can use it as an emergency light in case of emergency while you are on the road.
5. **User's guide:** Before first-time use, please fully charge it until the indicator light shows full charge. Select the appropriate lighting mode or mosquito control mode according to the specific scene. After use, gently fold it and fully charge it, store it in a dry and cool place for the next trip.

Cleaning and Maintenance

Turn off the power and ensure there is no charging.

Step 1: Open the folded light source fully.

Step 2: Hold the top and bottom of the product, then gently twist the top to the right to detach the protective cover.

Step 3: For cleaning mosquitoes, use a plastic brush or another non-conductive cleaning tool.

Safety Precautions

- 1.** This product is not suitable for use in barns, livestock sheds, or similar environments.
- 2.** Keep this product out of reach of children.
- 3.** Do not use the product in areas where flammable gases or explosive dust may be present.
- 4.** Ensure the appliance is placed on a stable surface, away from flammable materials (such as sofas or beds) to prevent accidents or damage.
- 5.** The product operates at high voltage. Avoid direct contact with any high-voltage parts to prevent electric shock.
- 6.** Do not operate the machine in wet conditions or where water can be sprayed.
- 7.** Avoid inserting metal objects into any product holes or gaps.
- 8.** Do not attempt to disassemble, repair, or replace any parts of the product yourself. If it fails, send it to an authorized service center.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **<https://www.porodo.net/warranty>** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
