Product Overview

The Porodo SmartView Android TV Box transforms your regular television into a powerful smart entertainment hub. Running on Android 9.0, it delivers smooth performance and access to all your favorite streaming platforms such as Netflix, YouTube, Prime Video, and Google Play. With support for 1080P Full HD resolution, it ensures sharp and vibrant visuals for an immersive viewing experience. Powered by a Quad-Core processor, it guarantees fast and responsive operation whether you're streaming, browsing, or switching between apps. The device supports Dual-Band Wi-Fi, allowing for a stable and high-speed connection, and comes with USB connectivity for easy access to external drives and peripherals. Designed with convenience in mind, the included remote control features voice control compatibility, letting you search, play, and navigate effortlessly with just your voice. The Porodo SmartView Android TV Box combines performance, simplicity, and smart features to deliver seamless home entertainment.

Specifications

GPU	Mali450, OpenGL ES 1.1/2.0, OpenVG 1.1
RAM	2GB
ROM	8GB
Bluetooth	V5.0, Supports BLT Remote Control
Wi-Fi	IEEE 802.11 a/b/g/n/ac 2.4G/5G
Interface	HDMI, x2 USB, LAN, AV Out

Product Features

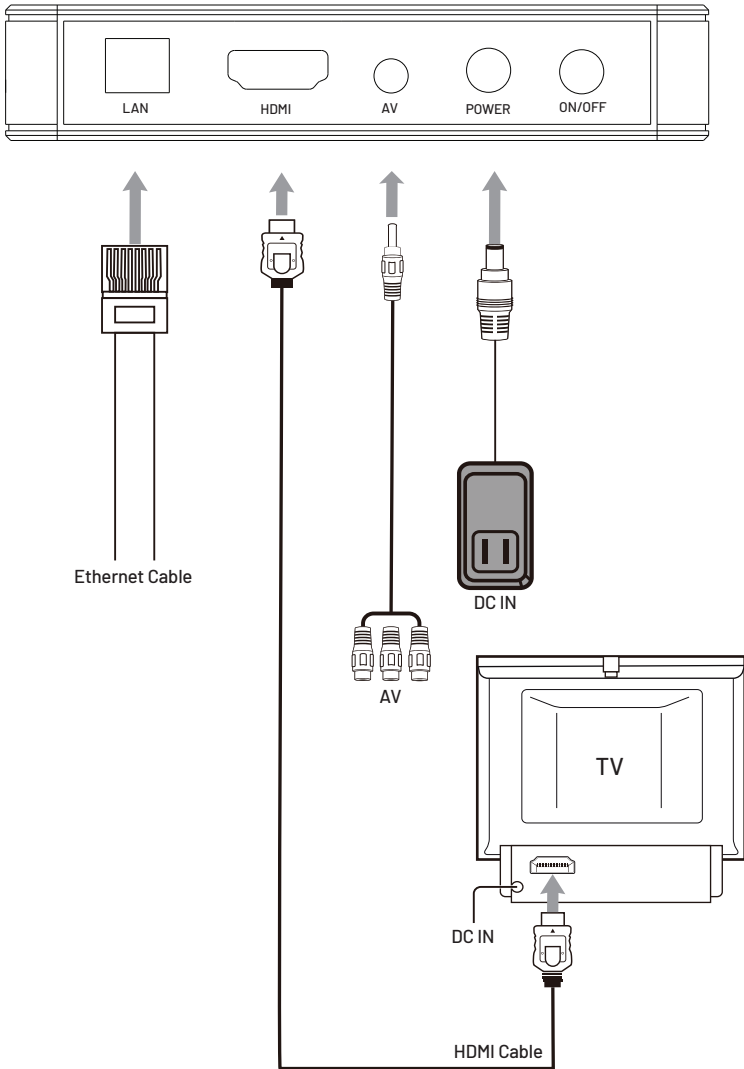

- A. Quad-Core Processor:** Ensures smooth performance and fast processing, making multitasking and app navigation effortless.
- B. Dual-Band Wi-Fi:** Offers both 2.4GHz and 5GHz network options for stable and high-speed streaming without buffering.
- C. Android 9.0 Operating System:** Provides access to thousands of apps from Google Play, including Netflix, YouTube, and Prime Video.
- D. 1080P Full HD Resolution:** Delivers crisp, detailed visuals and vibrant colors for an immersive viewing experience.
- E. USB Connectivity:** Allows easy connection to external devices such as flash drives, keyboards, or game controllers.
- F. Voice Control Ready Remote:** Lets you control your entertainment using simple voice commands for hands-free convenience.
- G. Compact Design:** Sleek and minimal design fits seamlessly into any home entertainment setup.

Safety Precautions

- 1.** Keep the device in a horizontal position during use or storage.
- 2.** Use only the provided power adapter to prevent malfunction or damage.
- 3.** Keep the device away from heat sources to avoid overheating or damage.
- 4.** Operate the device in a well-ventilated area to prevent internal heat buildup.
- 5.** Avoid placing the device in damp or dusty environments to prevent fire or electric shock.
- 6.** Immediately power off and unplug the adapter if you notice smoke, an unusual smell, or any abnormal behavior from the device.
- 7.** Unplug the power adapter if the device will not be used for an extended period.
- 8.** Do not place heavy objects on top of the device to avoid deformation or internal damage.
- 9.** Do not plug in the power adapter with wet hands to prevent electric shock.

- 10. Do not disassemble or modify the device yourself to avoid injury or further damage.
- 11. Do not use a damaged power cable or plug. Replace them immediately if any damage is observed.

Installation Instructions

1. Connection to the TV

- a. Use an HDMI or AV cable to connect the Android TV Box to your television.
- b. Plug one end of the HDMI/AV cable into the HDMI/AV port on the Android TV Box.
- c. Plug the other end into the corresponding HDMI/AV port on your TV set.

2. Connection to Power

- a. Connect the power adapter to the Android TV Box, then plug it into a power outlet.
- b. Ensure the adapter is securely connected before turning on the device.

3. Network Connection

Option 1: Wireless (Wi-Fi) Connection

- a. Go to System Settings → Network Settings → Wireless Network.
- b. Select your Wi-Fi SSID (network name).
- c. Enter the correct password and confirm the connection.

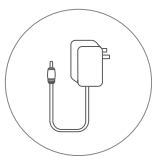

Option 2: Wired (Ethernet) Connection

- a. Plug one end of the Ethernet cable into the LAN port of the Android TV Box.
- b. Connect the other end to the LAN port of your router or the Ethernet port of your broadband modem.
- c. Wait a few moments for the network to establish a connection.

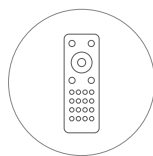

Package Contents

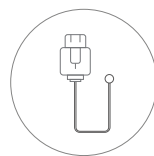

Android TV Box x1

Power Adaptor x1

Remote Control x1

HDMI Cable x1

Troubleshoot

1. No Display or No Signal

- a. Ensure the power plug is properly connected and that the electrical outlet provides normal voltage.
- b. Check whether the HDMI/AV cable is securely connected.
- c. Confirm that the TV's signal input is set to the correct source.

2. Image Displayed but No Sound or Low Volume

- a. Verify that the audio cable is properly connected.
- b. Make sure the volume on your device and TV is not muted or set too low.
- c. Increase the volume as needed.

3. Network Connection Failure

- a. Reconnect to the internet and check if the Wi-Fi is enabled.
- b. Ensure the signal is strong enough.
- c. Restart the Wi-Fi router or adjust its position for better reception.

4. Remote Control Not Working

- a. Point the remote control directly toward the TV or device receiver.
- b. Replace the batteries if the remote control's power is low.

FCC Statement

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference; and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for assistance.

RF warning statement:

The device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure conditions without restriction.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **<https://www.porodo.net/warranty>** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
