Product Overview

The "Porodo Horizon Ultra-Light Sports Eyewear" is designed for maximum comfort and exceptional performance. It features a lightweight construction, providing a comfortable fit for prolonged use. The eyewear offers crystal-clear vision with scratch-resistant lenses, ensuring durability in various conditions. The foldable temple design enhances portability, and the ergonomic, secure fit ensures a snug, non-slip experience during intense activities. With an advanced, sporty look and exceptional clarity, the Horizon eyewear is built for athletes and outdoor enthusiasts seeking style and functionality.

FCC Statement

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference; and

(2) This device must accept any interference received, including interference that may cause undesired operation.

2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for assistance.

RF warning statement:

The device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure conditions without restriction.

Pairing Guide

1. Glasses temples pairing

After power on, two sides glasses temples paired automatically.

2. Connected Device

Turn On Wireless, Search and select DB2600 from the detected devices.

3. Charging

Magnetic charging: LED indicator in red light meaning it's charging. LED indicator light off meaning it's fully charged. (It takes 90 minutes to fully charge.)
